ZEBRALIFE4US

COLLABORATION AGREEMENT

Shared values. Mutual respect. A better future for patients worldwide.

1. Purpose and guiding principles

ZebraLife4Us is an independent, non-profit initiative currently in the process of formal establishment. We work towards a better future for patients worldwide by building bridges between patients, researchers, pharmaceutical companies, contract research organisations (CROs), hospitals and healthcare professionals. Our aim is to strengthen the patient voice and meaningful patient involvement in research, diagnosis, treatment and care.
Our work is global and inclusive. We welcome people regardless of nationality, origin, background, beliefs or political circumstances. ZebraLife4Us has no political, religious or ideological affiliation and does not align its activities with political interests. Our focus remains the wellbeing of patients and the improvement of research and healthcare for all.

2. Independence and support

ZebraLife4Us operates on a non-profit basis and may support its activities through financial contributions, sponsorships and other forms of support from companies and organisations.
An initial meeting is always non-binding and intended solely as an opportunity for both parties to get to know one another, understand each other's objectives and explore potential areas of cooperation. If both parties wish to proceed, this agreement will be signed. Any specific financial commitments or sponsorship contributions will be agreed separately and confirmed in writing.

3. Political neutrality and social responsibility

ZebraLife4Us works internationally and is open to cooperating with organisations that respect our mission and values. We do not distinguish between patients on the basis of the country in which they live or the political circumstances affecting them.
We expect the same independence and responsibility from our partners. By signing this agreement, the partner confirms, to the best of its knowledge and within its reasonable sphere of influence, that it does not directly or indirectly provide financial or material support for warfare, armed conflict or activities associated with them. The partnership with ZebraLife4Us must not be used for political influence, propaganda or the promotion of party-political interests.
If credible concerns arise that these principles are not being respected, ZebraLife4Us reserves the right to review or terminate the collaboration.

4. Mutual respect, trust and visibility

Every collaboration is based on mutual respect, trust, transparency and equality. Both parties will respect each other's independence, identity and responsibilities.
Following signature, ZebraLife4Us may display the partner's name and logo on its website under the heading "Our Collaborations" as recognition of the partnership. By signing this agreement, the partner grants permission for this use. Any further use of either party's name or logo may be agreed separately.

5. Signatures

By signing below, both parties confirm that they understand and endorse the principles set out in this agreement and commit to a respectful and constructive collaboration.
